To Whom It May Concern:

I have had the privilege of working with Patrick Hoeft for over 15 years. I believe it is an honor to write a letter of recommendation for him & his business Hoeft Builders West Inc. My relationship with him has been one of mutual professional respect along with years of friendship. My role of Vice President @ R & H Mechanical LLC has been the impetus for the relationship but the partnership exists because of a deep level of trust & respect.

Over the years Patrick Hoeft & his team have been a vital part of the growth @ R & H Mechanical LLC. He has been working with us over the years in basic residential remodel projects, new custom residential home building & commercial remodel projects as well. Being extremely well versed in his trade Patrick has allowed us to discover solutions that meet his needs as ultimately meet the needs of the end user. We have been extremely thankful that Patrick & his team offer a hands on approach so we work together to find the best solution to meet each individual opportunity efficiently. Patrick's level of detail & professionalism not only translate through his staff but help all of us that work with Patrick benefit from these high level responsibilities.

I have no reservations in strongly recommending Patrick Hoeft & his team as a continued & future professional partner. Please don't hesitate to contact me directly for any additional information regarding Patrick or his team.

Sincerely,

Brian R. Bahr
